

To our membership:

The summer season is well underway and off to a great start.

I wanted to thank everyone who helped get the pool and tennis courts up and running for 2018. It took two weekends, but we did it.

Our membership drive continues throughout the summer season. Our goal is 40 new memberships and at last check we were standing at 32. I know we can get the final eight memberships.

Our \$100 incentive for any members that refer a family who purchase a membership and to all of our leasing members that convert to full membership continues. We urge you to do what you need to do and get your \$100 check. We have paid out quite a few already.

The force behind our membership drive has been Susan Webster, our Membership Chair. Susan has done a truly amazing job.

Our Tennis, Dive and Swim Teams are off to a great start. Thanks to our coaches, our Team Representatives, and our meet volunteers for giving our teams all the support they need for a fantastic season.

Come out and cheer for them whenever you have the chance. I know they would appreciate it!

The goal for 2018 is to ensure that Mansion House Club remains an enjoyable place to spend your summer and a place our members want to bring their families and their guests.

To do this we have established four priorities:

First, we want to ensure we focus on safety; safety in and out of the pool. We have emphasized this with our lifeguards and ask that each member help us in this effort by always acting responsibly.

Second, we are focusing on maintaining a well run and professional operation. Every week there is a rotating member of the Board of Directors "on duty" to provide oversight of the club and solve any major problems quickly.

Third, we want to keep our Club clean. Our focus on cleanliness covers everything from our pool to our bathrooms, to all the areas used by our members. We ask for your help in this by doing your part in keeping our Club clean.

Lastly, we have spent time this year focused on fun. Food Trucks, Parties and Movie Nights are built into the calendar. We hope it makes your summer at the Club something to remember.

I am always open to recommendations to help make our Club a better place. The heart of our Club is our membership and we are committed to doing everything we can to meet our members expectations.

John Voorhees
